

## Pro Bono Day Russia 2020

Freshfields Bruckhaus Deringer, White & Case and PILnet are pleased to invite you to a pro bono roundtable.

The event is a part of the 2nd European Pro Bono Week, traditionally dedicated to discussing the role of volunteer lawyers in supporting the development of civil society.

This year, the overarching theme of all European events is “**Pro bono in the context of global crises**”. Today, society is forced to seek solutions to a number of critical problems – from the COVID-19 pandemic to global climate change.

We invite you to join the roundtable to discuss the development of pro bono legal assistance in Russia, share your experience, and join forces in looking for opportunities for further cooperation and interaction with the Russian pro bono community.

Please confirm your participation by sending an email to
