

# ROMANIAN PRO BONO WEEK

23-27 November 2020

[European Pro Bono Week](#) celebrates the role played by volunteer lawyers in supporting civil society and those in need. During this week, events will take place all across Europe, including in Romania. The Romanian Pro Bono Week will highlight and promote pro bono culture through a series of online events, organised by partners in three major cities (Bucharest, Cluj-Napoca, Iasi).

By bringing together various stakeholders in pro bono culture – lawyers, bar associations, law students, non-profits, human rights activists, academics, and businesses – we want to stimulate them to integrate pro bono work into their future plans.

All events will be held in Romanian. If you want to learn more about the program of the Romanian Pro Bono Week, please check the next page.

### Pro bono legal assistance - advocating to increase access to justice

Nov 25, 2020  
Online  
12.00 – 13.30  
(GMT+2)  
Open event

An essential role of NGOs is to provide a voice for that part of society insufficiently served by public services, and also to bring difficult issues in the area of fundamental rights and freedoms on the public agenda. Part of the values of the legal profession derive from their social responsibility, and *pro bono publico* is the form in which lawyers contribute to increasing access to justice for the vulnerable and implementing the principles of the rule of law. The event brings together the perspectives of these key actors and aims to stimulate the imagination of students, law professionals and NGO practitioners to integrate pro bono work into their future plans.

### Access to justice for vulnerable groups

Nov 25, 2020  
Online  
16.00 – 19.00  
(GMT+2)  
Open event

The event will discuss the needs of vulnerable groups with regard to their access to justice and the opportunity to regulate pro bono law in Romania. The only pro bono legal assistance center in Romania – the Pro Bono Network for Human Rights – will be presented. Pro bono lawyers from across the country will share their experience in supporting people in vulnerable situations, in cases of violations of fundamental rights: people with disabilities, victims of domestic and gender violence, single-parent families, without material possibilities. As pro bono law is not yet regulated in Romania, the event will present a proposal to amend the legislation so that it benefits from a legal framework and is formally encouraged.
